

The project is funded by the European Commission

***„Hands-on Development Strategies in a Content-Centered Context
for Young and Adult Learners with Poor Basic Skills
in Literacy and Numeracy”***

**Experience exchange involving the project teams of the Teachers' Training Centre Tulcea and
Edirne Teknik ve Endüstri Meslek Lisesi**

In the frame of the Strategic Partnership Erasmus + "Hands on Development Strategies in the Content Centered Context for Young and Adult Learners with Poor Basic Skills in Literacy and Numeracy" in April 2016 the team of the Teachers' Training Centre Tulcea visited the High School Mesleki ve Teknik Anadolu Lisesi in Edirne / Turkey.

It was an experience exchange involving the project team of the Teachers' Training Centre Tulcea led by the director Gabriela Nichifor and the project team of Teknik ve Endüstri Meslek Lisesi in Edirne coordinated by the director Tolga Ünal.

The demonstration activities carried out by The Turkish teachers and students constituted the starting point in the debate on the strategies that can be applied in classroom as a support for students with learning difficulties. Other topics addressed included the school-community relationship, the professional development of teachers, the insertion of graduates in the labor market, the inclusive education.

At the same time, the project team of the Teachers' Training Centre Tulcea had the opportunity to know the local history and the cultural specificity of Edirne/Turkey. The visit strengthened the communication and the relationship between the partners in the project Erasmus +, developed from 2014 to 2017 and involving five educational organizations from Romania, Hungary, Turkey, Spain, and Lithuania.
